October 2010

Judy Graham (HCC Board Member) WICT Award Recipient!

Star Power – Woman in Technology Award recognizes Judy as a woman in a technology role who demonstrates outstanding personal and professional growth while interacting with other disciplines to transform our industry. She has blazed trails for women in the

industry since the mid 1980's, working on both the operator and vendor sides of the business. She was fearless when she entered a traditionally male role as she ran construction crews. Her work ethic inspires those around her to strive to do more, learn more, and create more. She is a catalyst for change inside and outside the industry. Through the mid 1980's and 1990's she ran construction crews that built cable systems in Houston, South Texas and Washington. For the past eight years, Judy has represented Arris as an Account Manager. While being a role model in industry, Judy also works to inspire her daughter and granddaughters.

Congratulations Judy, we are proud to have you on our team!

Chapter members to attend the Annual Cable EXPO in New Orleans

SCTE Cable-Tec Expo®—the industry's engineering show of the year—hosts approximately 10,000 annual attendees and provides the opportunity to discover and learn first-hand about the latest in cable technology, products and services. For more than 25 years, SCTE Cable-Tec Expo® has delivered the latest in engineering solutions in one cost-effective setting.

A variety of technical workshops, exhibit halls, and International Cable-Tec Games are just a few of the activities scheduled during this 3 day event. Each year the Hill Country Chapter sends 2 members to attend the show. The following chapter members were chosen recipients based on their performance in the annual HCC Cable –Tec Games held in February 2010.

James Turner

Time Warner Cable

System Tech 3
